

March 19, 2019

Dear Colleagues:

RE: Implant Study Club Invitation

It is my honor to announce renowned speaker, Dr. Charles Mastrovich. He will be lecturing on mechanical failure of implants and options for reducing the risk of implant failure.

Dr. Mastrovich is a graduate of the prestigious Northwestern University Dental School in Chicago. Additionally, has also completed a post-doctoral residency at the V.A. Hospital in Sepulveda California. Dr. Mastrovich has been well recognized for his innovation in the development of instruments and protocols to salvage fractured implants and components.

Mechanical failures of implants and implant components present to all dental practitioners. Having the ability to recognize and effectively treat these failures is integral for successful restorative treatment. He has amassed a great deal of experience and knowledge in implant system mechanics and developed specialized expertise in the recovery of failed implant components.

---

Please join us for this informative and innovative lecture that will enhance your ability to troubleshoot and salvage mechanical failures in implant therapy.

**This course qualifies for 3 hours of CE credit.**

This **no charge** course includes a complimentary dinner.

Date: **May 9<sup>th</sup>, 2019 – Seminar commences at 6:00PM**

Location Address: **8757 Rio San Diego Drive, San Diego CA, 92108** (Marriott Hotel)
